PROFESSIONAL SUMMARY

Final-year B.Tech Information Technology student with a Software Testing certification (NPTEL), knowledge of SDLC, STLC, and Jira, strong SQL and Python skills, and a detail-oriented, analytical approach built through a data science internship and hands-on projects. Seeking a Test Analyst role to help deliver high-quality software.

TECHNICAL SKILLS

Testing & Quality: Software Testing (NPTEL certified), SDLC, STLC, Jira, SQL Data Querying & Validation, Analytical Problem-Solving

Languages: SQL, Python, Java, C, JavaScript, HTML, CSS

Data & Tools: Exploratory Data Analysis (EDA), Data Cleaning, Power BI, SQLite, REST APIs, Git/GitHub, Flask, Django, MongoDB, Linux, Windows

CERTIFICATIONS

- Software Testing - NPTEL
- Programming in Java - NPTEL
- MongoDB Basics - Vel Technologies

PROFESSIONAL EXPERIENCE

Data Science Intern - Globesci Technologies Pvt. Ltd. | Jun 2026 - Jul 2026

- Prepared reliable data for analysis during a data science internship, by cleaning, preprocessing, and exploring real-world datasets in Python.
- Made trends and patterns easy to interpret, by building data visualizations in Python to present analytical findings.

PROJECTS

QR-Based Attendance System | Flask / Django

- Prevented proxy and remote check-ins with real-time attendance logging and admin reports, by validating session-specific QR scans against the user's geolocation.

NYC School Construction Cost & Schedule Analytics | Python, SQL, SQLite

- Analyzed cost and schedule performance of NYC School Construction Authority capital projects, by pulling real public data from the NYC Open Data (Socrata) API and querying it with SQL.
- Made the analysis repeatable end to end, by automating data ingestion into a SQLite database with a Python script and writing reusable SQL queries.

Adaptive Multi-Agent GraphRAG for Enterprise Knowledge Intelligence | Python | In Progress

- Designing a multi-agent system that verifies answers across policies, contracts, and manuals, by using specialized agents for retrieval, cross-document verification, and explanation.

EDUCATION

Bachelor of Technology in Information Technology - S.A. Engineering College, Thiruverkadu | 2023 - 2027 (Expected)
CGPA: 7.6 (through 6th semester)

Higher Secondary (12th) - S.B.O.A Matriculation and Hr. Sec. School
12th Percentage: 80%

HOBBIES

- Video editing: edited content for 10+ clients, developing attention to detail and the ability to meet deadlines and client feedback.
- Travelling: exploring new places and cultures, which strengthens my adaptability and communication skills.
